Biography:

Jillian is a long term local of Coober Pedy, having grown up in the outback town. Inspired by watching her family members throughout Australia painting as she grew up, Jillian began experimenting with various styles and techniques.

With a love towards vibrant and bright colors, her paintings depict the surrounding Australian country and the beauty found within the rains, flowers and seasonal changes. Having joined the Umoona Art Centre in July of 2024, Jillian continues to evolve and explore her creative visions.
